

Grand Time Game Scorecard for (name) _____

Make sure there was at least one era in which all four organisms were alive.
 If not, draw a line from top to bottom and put **zero** for your total score.

Ways you can score (with letter symbols to enter)	Round 1	Round 2	Round 3	Round 4	Round 5
<p>Give yourself a point for each fossil that "tells time" (existed in only one era). Write the era symbol and the number of cards.</p> <p>pЄ Precambrian, Pz Paleozoic, Mz Mesozoic, Cz Cenozoic</p>					
<p>Give yourself a point if all four organisms could have lived in the same "habitat" (Write W if water, or L if land) (flying things will match either ocean or Land)</p> <p>  = Water,  = Land,  = Flying </p>					
<p>Give yourself a point if the four organisms could make a complete food chain - that is, all three energy source symbols are represented. - ✓ if true</p> <p>  = Sun,  = Plants,  = Animals </p>					
Total score (count number of points in column)
