--------------	-----------------------	------------

SECTION 4: STATEMENT AND PERMISSIONS

This application form must be accompanied by (1) a recommendation form completed by a science teacher and (2) a one-page statement by the student explaining interest in the subject and what the student hopes to gain from the experience. Application does not guarantee acceptance. Preference will be given to students with at least a B average in science courses (grades will be verified) and with exemplary recommendations. Attendance is important in Advanced Studies – students may be dropped after three absences.
